❖ **INTERNSHIP PROGRAMME ON ARDUINO AND ITS IOT APPLICATIONS**

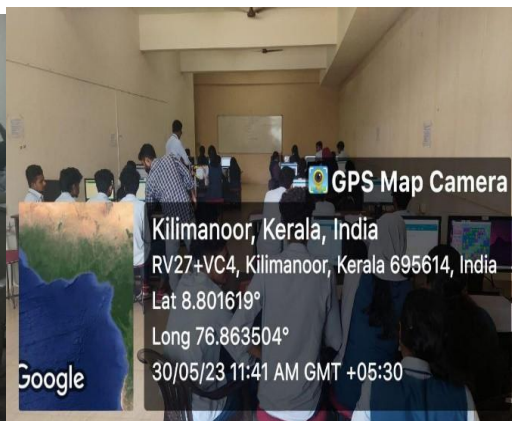

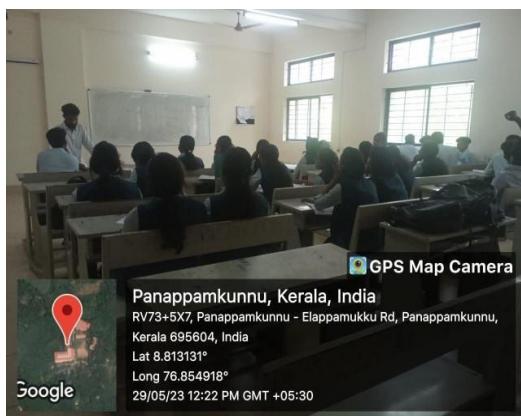

A five-day Internship Programme on “**Arduino and its IOT applications**” was held at Vidya Academy of Science & Technology Technical Campus (VAST TC), conducted by the Department of ECE from 29.5.2023 to 2.6.2023. 33 students from ECE department participated in the programme. The Programme aims to provide opportunities to the students

to enrich their knowledge in the field of Arduino and its IoT applications. The resource person was **Mr. Sreeram from Keltron trivandrum**. The co-ordinators of the internship programme were **Ms. Krishnaprathibha S. R, Assistant professor, Dept of ECE** and **Ms. Niraja J Shenoy, Assistant professor, Dept of ECE**. The course aims at providing hands on experience in terms of programming among the students for analysis and design of IoT based applications. This program will focus on Arduino Uno to design basic using Tinkercad and IoT based applications design using Blynk. The major topics covered are:

- Introduction to Arduino Uno and IoT
- Sensors
- Tinkercad App
- Blynk App

Students are able to design a circuit using the software and work with the program. The course is designed to provide basic knowledge of Arduino . Arduino is an open source electronic platform easy to use in both hardware and software .

❖ ENTREPRENEURSHIP DEVELOPMENT IN THE FIELD OF CIVIL ENGINEERING

The Department of Civil Engineering in association with the Internal Quality Assurance Cell (IQAC) of VAST TC organized a seminar titled “**Entrepreneurship Development in the field of Civil Engineering**” on **3rd June, 2023**. The resource person of the event was **Mr. Jai Kishan, Managing Director, RoBoS Builders and Designers Pvt Ltd**. The event was coordinated by **Mrs. Fathima Sherin T, Assistant Professor, Civil Department**. The session officially began with a welcome address by **Dr. K Sargunan, Associate Professor, Civil Department**. The session was given to the civil engineering students of 2nd year and 3rd year. Participants engaged actively during the session and it was followed by a Q&A session. Feedback was collected from every participant. The resource person explained about his venture RoBoS Builders and Designers Pvt Ltd. The resource person gave a highly informative presentation and talk on the concepts of entrepreneur developments, the needs, challenges and scope in civil engineering field. The resource person provided in-depth explanations about the requirements and skills to be acquired by the students to get placed in Construction companies and to become an

entrepreneur. The sessions brought a plethora of details. The participants gained knowledge about the new trends and technologies, skillset and technical requirements in the field of civil engineering for entrepreneur development. Throughout the sessions, the participants were really engaged and motivated. Participants in the feedback sessions responded favorably, stating that the content was pertinent and delivered in the appropriate manner.
