Our First Years Arts Fest **NIRAM 2.0** was completed successfully. It was deliberate to Create an Online platform for our students to boast their talents and the aim was successfully concluded.

❖ WEBINAR ON HOW TO APPROACH RESEARCH JOURNALS

ELECTA, The Association of Electronics & Communication Engineering VAST TC organized an online webinar on "**HOW TO APPROACH RESEARCH JOURNALS**" on **5th May 2021** from **2.00PM to 3.30PM** at **Zoom** platform for all the students of **ECE department, VAST TC**. **Dr. Muhammed Anshad P. Y** (Asst.Prof- ECE) coordinated and **Dr. Neethu Raj R** (HoD in charge - ECE)was the convener of the program.

Mr. Navin K. S, Engineer, Quinoid Business Solutions was the resource person. He discussed the topic from the scratch and gave the guidance to write a journal. His talk mainly focused on

- How to search and download Research journals.
- How to read journal in the right way.
- How to use references for improving the level of understanding.
- How journals help in Research.
- How to write a journal.

The overall session benefited all the participants. There were 98 active participants. This webinar helped the participants to do their own project works and can write their journals.

The photos of the session are hereby attached:
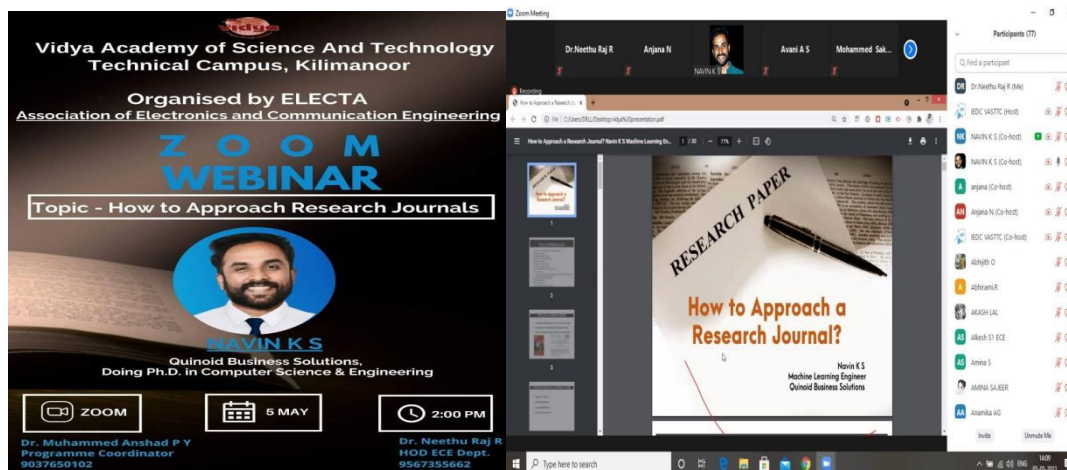

❖ WEBINAR ON MY STARTUP STORY

The **IEDC VAST-TC** conducted a Chat Session on **"MY STARTUP STORY"** for all the students of VAST-TC. **Hareesh Kumar R** (S8 ECE) and **Siji Lal S** (S6 CE) coordinated the program and **Dr. Muhammed Anshad P. Y** (Asst. Prof-ECE) was the convener of the program. There were a total of 219 active participants.

Mr. Abhi Asok, CEO and Founder Director of Arvension Technologies LLP handled the session. He is an Entrepreneur and Research Enthusiast. He presented his startup story to the students. He discussed his professional experiences in his business and how to overcome the issues during startup. The main topics covered were:

- What is start-up?

- Idea generation.

- Leading and building a team.

- Understand the market.

- Marketing.

- Investment.

Later he made an interactive section with the students. The overall session benefited the faculty members and students. This webinar would help the participants to understand the basic things about how to start a startup.
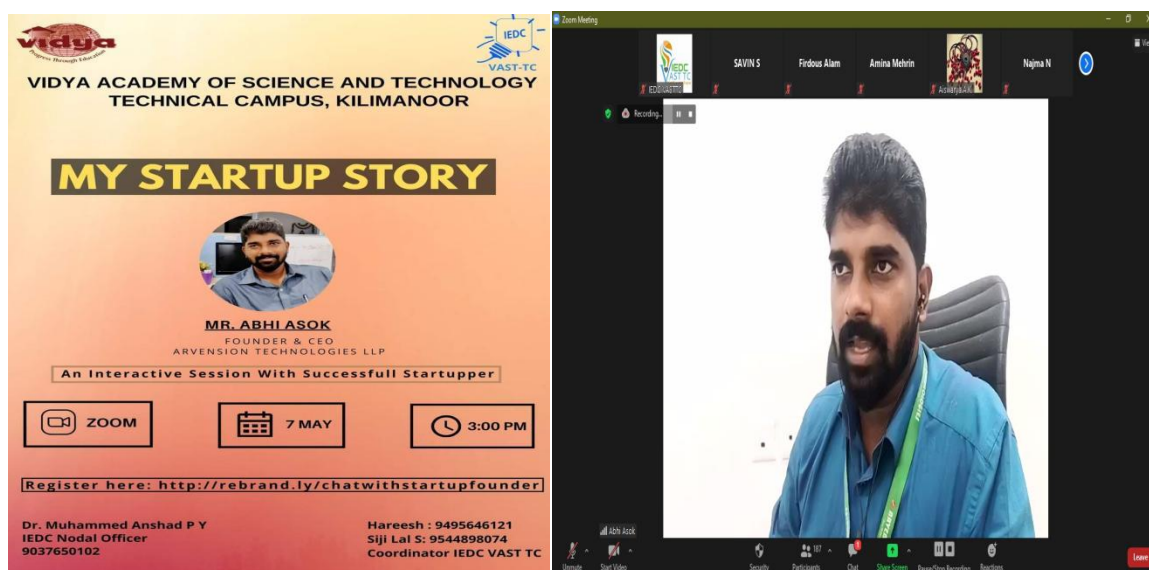

❖ Webinar on "PLC for Industrial Automation"

The department of Electrical and Electronics Engineering organized a webinar on, "**PLC for Industrial Automation**" on **8th May, 2021**.The webinar was handled by **Dr. G Joselin Rethna Kumar**, Professor, SRM Deemed University, Certified Trainer Bosch Rexroth, IASC Master Trainer, **Dr. M C John Wiselin (HoD-EEE)** inaugurated the webinar. The webinar was coordinated by **Mr. Ranjith M** (Asst. Prof- EEE). **Ms. Lekshmi Devi R** (Asst. Prof- EEE) delivered the welcome address. The webinar was conducted in "Google Meet" online platform.Total 45 participants including all faculty members and students of EEE Department of our college attended the session. Speaker talked about industrial automation, effects of automation etc. Earlier PLC industries, used relay based controller system. The relay based system wiring is completely hard wired that increases the complexity of wiring. But PLC has the advantage of compact structure, and less wiring of control panel. Hence PLC has eliminated much of the hard ware over the conventional relay circuits.

❖ WEBINAR ON KICK START YOUR STARTUP

The IEDC VAST TC conducted an IEDC orientation program on **"KICK START YOUR STARTUP"** for all the students of VAST-TC. **Vinay V A** (S8 ME) and **Abhaynath K** from(S6 CSE) coordinated the program. **Dr. Muhammed Anshad P Y**, Nodal officer, (Asst.Prof- ECE) was the convener of the program. There were a total of 121 active participants. **Mr. Sonu J S**, CEO and Founder of Starting Trouble handled the session. He is

also an Entrepreneur and Research Enthusiast.The Speaker of the Session **Mr. Sonu J S** presented the keynote address on "KICK START YOUR STARTUP". On the day of the program, the speaker introduced IEDC and KSUM to the students, and how KSUM helps students to come up and develop their ideas into products. He also discussed his professional experiences in the IEDC. Topics covered under the program are:

● Whats is IEDC?

● What is KSUM?

● What is start-up?

● How IEDC and KSUM funds innovative ideas and projects?

● Importance of IEDC in colleges.

● How students are benefited from IEDC?

● How to improve public speaking?

The feedback on the session was collected from the participants. The overall session benefited the faculty members and students. This webinar would help the participants to conduct the classes in an effective way and also it would help them in their research work.

❖ WEBINAR ON "EMBEDDED SYSTEM DESIGN AND DEVELOPMENT"

The **Electrical and Electronics Department** of **VAST-TC** conducted a webinar on **Embedded System Design and Development** for EEE students on **22nd May 2021 from 10.00am to 11:30 am via Google meet.** The speaker of the event was **Mr. Renjith Gopalakrishnan,** (Assistant Professor, Electrical and Electronics Engineering, College of Engineering Perumon)**. Ms. Lekshmi Devi R** (Asst.Prof-EEE) welcomed all the participants.The speaker explained about the Basic Embedded System Concepts, introduction to embedded system, communication interface, major levels of abstraction in the design process, embedded firm wire design and development, and he also gave an idea about automatic hand sanitizer design and its development by using this embedded system.At the end of the session, **Ms Lekshmi Devi R** (Asst Prof- EEE) delivered the vote of thanks. The event concluded at 11.30am. The event was co-ordinated by **Ms Sajina S** (Asst Prof- EEE) and **Ms Lekshmi Devi R**, (Asst. prof- EEE). Total of about 64 participants attended the program and we got very encouraging responses through their feedback.
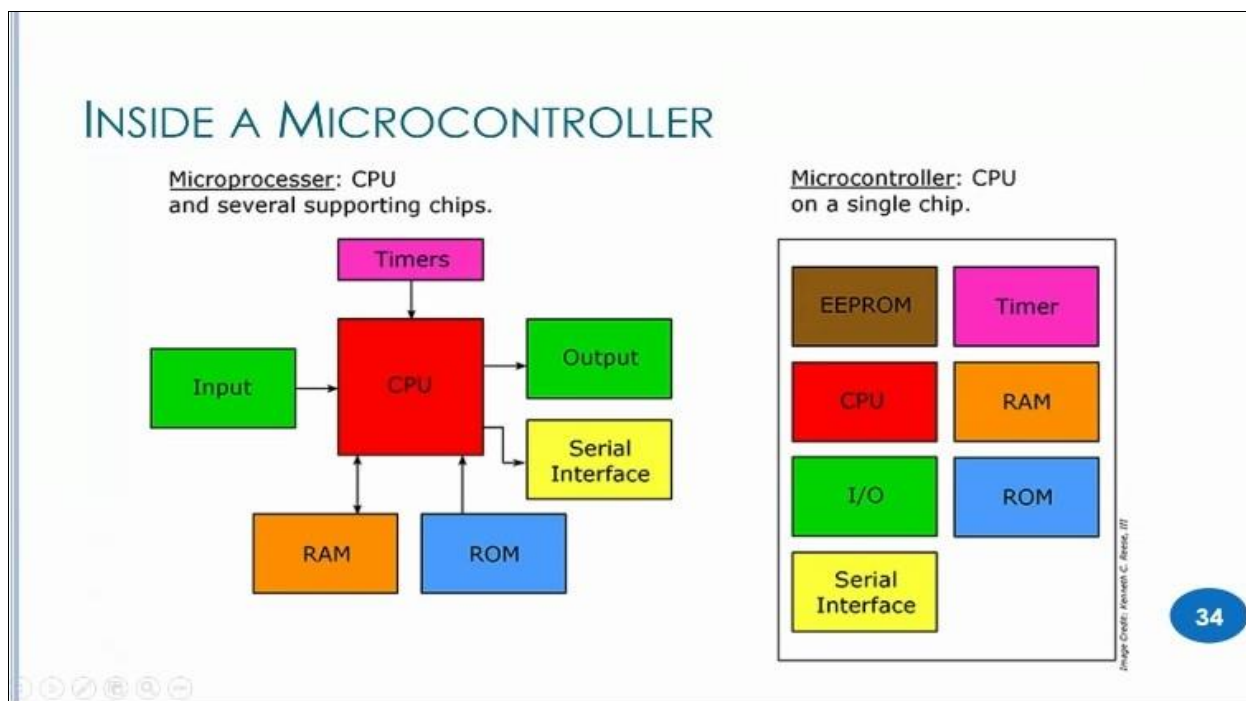

❖ WEBINAR ON CAREER OPENINGS FOR CIVIL ENGINEERS IN PUBLIC SECTOR

The Department of Civil Engineering conducted a webinar on '**Career openings for Civil Engineers in Public sector**' for final year B.Tech Civil Engineering students on **23th May 2021**. The webinar was organized by **Mr. Lenin Babu S**, (Asst. Prof-CE) along with the support of the faculty members in Department of Civil Engineering under the guidance of **Prof. Vijayakumar K**, (HoD, CE). The webinar was handled by **Ms. Pavithra V**, Corporate Relations Manager Civilianz. The webinar was hosted in Google meet platform. This career exploration program provides final year civil engineering B Tech students with opportunities to help them define their individual career direction and future pathways. It intends to let the students know that exploring career options is not a confusion but an opportunity hunt. This webinar briefly discussed about the career openings through GATE exam. Graduate Aptitude Test in Engineering (GATE) is one of the most competitive examinations which primarily tests the comprehensive understanding of various undergraduate subjects in engineering and science. The GATE score of a candidate reflects the relative performance level of a candidate. The score is used for admissions to various Postgraduate programmes (M.Tech,

ME, M. Arch and Ph.D) and also used by several Public Sector Undertakings for recruiting graduate engineers in entry level positions. About 53 students participated in this webinar**.**A feedback form was collected to evaluate the effectiveness of the webinar session and positive responses were mostly recorded. This webinar created an enlightenment in the minds of students about the future openings in Public Sector Undertakings.
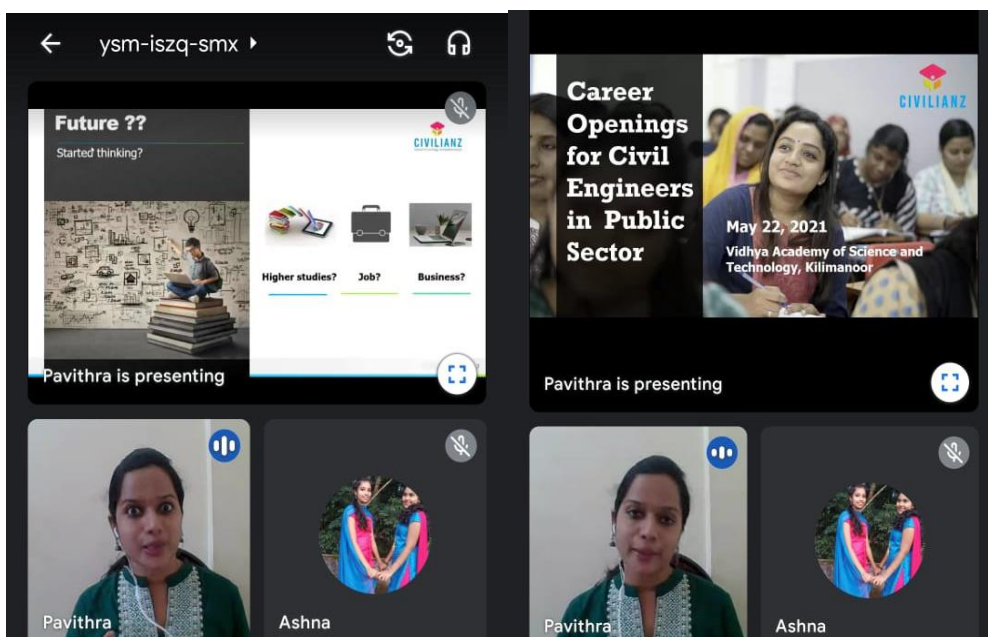

❖ INTER COLLEGE WEBINAR ON MACHINE LEARNING

The **ELECTA**, Association of Electronics and Communication Engineering Department conducted an inter college webinar on **"MACHINE LEARNING: CURRENT AND FUTURE TRENDS"**. **Dr. Sujith Mangalath**, Researcher in the field of Machine Learning, Graph Networks, Risk Assessment and Disaster Management, Georgia, US delivered the lecture.**Ms. Divyamol N J (S8 ECE)**, **Mr. Jithesh Jayakumar (S8 ECE)**and **Mr. Dawn Sivan (Asst.Prof-ECE)** coordinated the program. **Dr. Neethu Raj R (HoD in Charge-ECE)**, convener of the program.There were a total of 194 active participants. The feedback about the session was collected from all the participants to improve the sessions that will be conducted in the mere future. The objective of the webinar was achieved. The overall session discussion benefitted the faculties and students. This webinar would help the participants to conduct the classes in an effective way and also it would help them to do their implementation in research work.
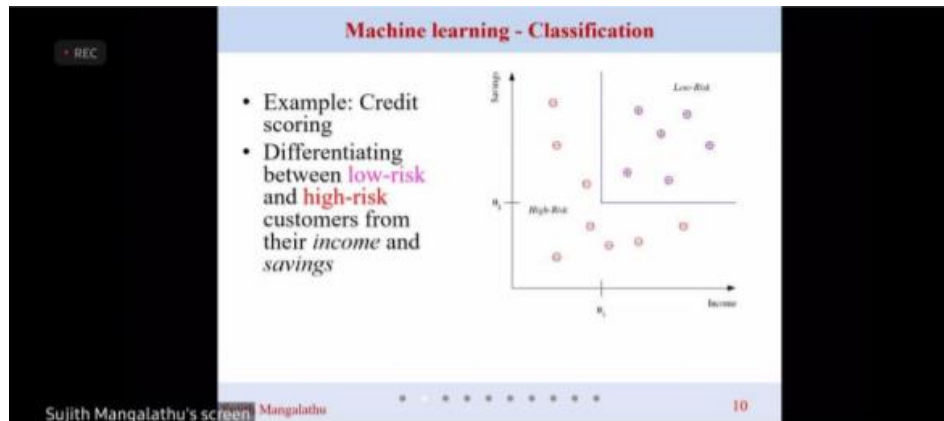

❖ LOGO COMPETITION

A logo competition was conducted for **ELECTA** Association for Electronics and Communication Engineering department. A total of 20 entries were received for the same. Ms. **Anjana Biju** (S8 ECE) is selected as the winner of logo competition.

The winning logo was

❖ DIGITAL POSTER PRESENTATION COMPETITION

The department of Applied Science in association with Science club have conducted a Digital Poster presentation competition on **22nd May,2021** related to International Biodiversity day for the first year students, under the theme "We're part of the solution # For Nature" **Ms. ANCHU E S**, (Asst.Prof-AS) was the coordinator of the programme.

THE SELECTION PROCEDURE

The competition witnessed an overwhelming participation of students from all branches and received a total of 81 posters with outstanding quality and creativity. From these, the judging panel **Ms. Abitha A S** (Asst.Prof-AS), **Ms.Vigitha Vidhyadhar** (Asst.Prof-AS) and **Ms.Anchu E S**(Asst.Prof-AS)]selected the following students as the winners

1**. ARATHI V S** (**S2 ECE**)-**First** position

2**. ASHIL P S** (**S2 CE**)-**Second** position

3**. BOOMIK R S** (**S2 ME**)-**Third** position

Prof. Subhadevi A K, (HoD-AS) congratulated the winners and motivated all the participants. The e-participation certificates were distributed to all participants.The event was organized to observe International Biodiversity day (May 22nd) that will help the students to have an inquisitive mind towards environment and its priceless species. The whole hearted support from all the staff of Applied Science Department and the active participation from students of all departments made the programme a success one. Also, from the beginning to the end of the event, the extended support and cooperation from various Department HoD's and staff advisors is gratefully acknowledged here.

The event concluded at 11.30am. The event was successfully co-ordinated by Ms. Liji Ramesan Santhi (Assistant Professor EEE).A total of about 54 participants attended the program and we got very encouraging responses through their positive feedback.

❖ WEBINAR ON "MATLAB"

The **Electrical and Electronics Department** of **VAST-TC** conducted a webinar on **MATLAB** for EEE students on **29th May , 2021 from 5.30 pm to 6.30 pm via Google meet.** The speaker of the event was **Mr. Gitin Jacob George, Masters in Industrial Drives and Control, RIT Kottayam, IEEE Volunteer.Ms. Indhulekha Jayachandran**(Asst Prof-EEE) welcomed all the participants.Dr M C John Wiseline, (HOD- EEE) presented the Inaugural address. After the Inaugural speech the session was hand over to the resource person **Mr. Gitin Jacob George.** The speaker explained about the Basics of MATLAB, introduction to MATLAB language, to import and visualize data and also explain the basics of Simulink At the end of the session, Ms Indhulekha Jayachandran (Asst Professor EEE) delivered the vote of thanks. The event was successfully co-ordinated by Ms Indhulekha Jayachandran (Asst Professor EEE). Total 40 participants attended the program and we got very encouraging responses through their feedback.
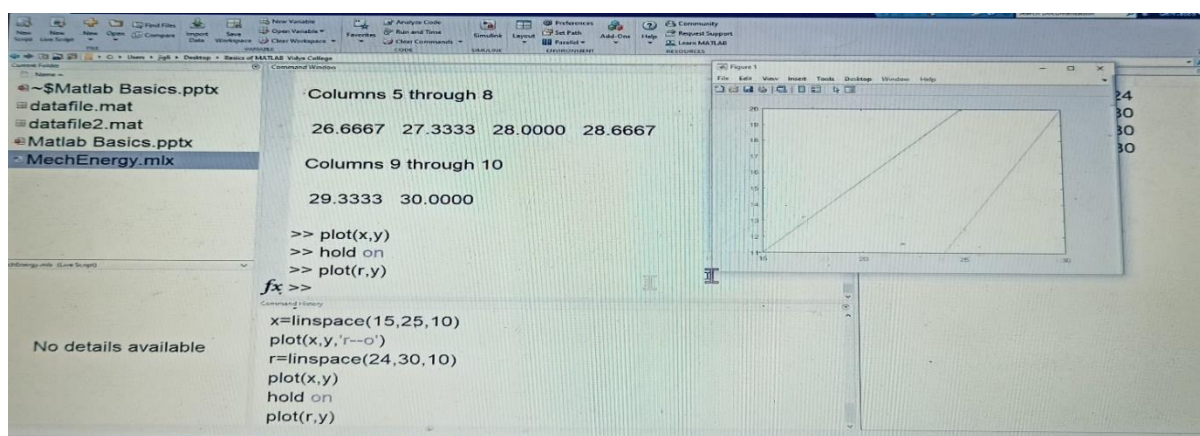

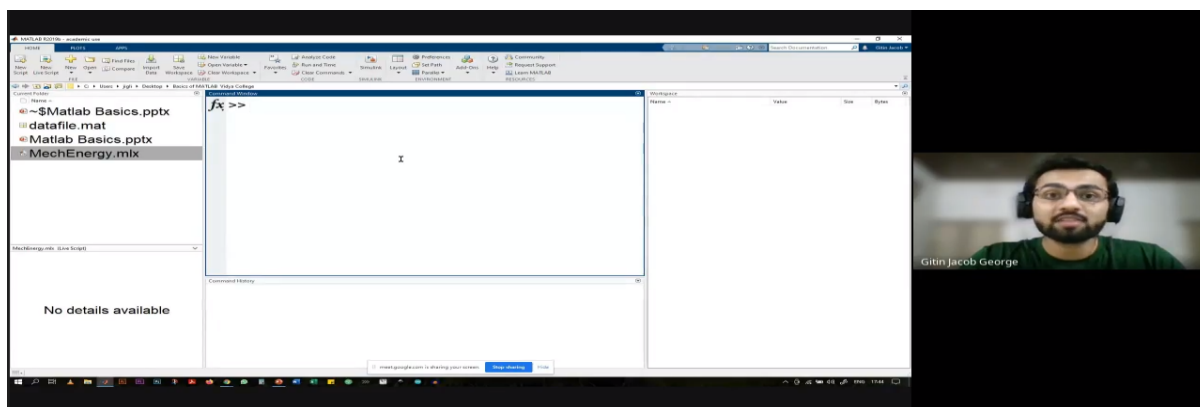

❖ "Three Day Workshop on PROGRAMMING IN C LANGUAGE"

The **ELECTA**, Association of Electronics and Communication Engineering Department conducted a three day workshop on **"PROGRAMMING IN C "**. **Anjana N** and **Aswathi V Nair**(Asst .Prof- ECE) coordinated the program. **Dr. Neethu Raj R** (HOD-ECE) chaired convener of the program. There were a total of 115 active Participants. **Dr. Muhammed Anshad P Y** (Asst Prof- ECE) , VAST TC delivered the lecture.The speaker of the session **Dr. Muhammed Anshad P Y** started with addressing the need of programming in different fields of engineering. Day 1 focused on the basic concepts and facts about C. Speaker described how to set up a system environment before the start of doing programming using C language and introduced online compiler to students so that they can work out the programs

along with the speaker. On the following sessions of day 2 and day 3, the speaker explained and run live programs on:

- Flowchart,
- algorithm
- Getting inputs
- Arrays
- Character string
- Operators
- Loops

The sessions went lively as the speaker cleared doubts from the student side and also the interaction and response received from them was overwhelming.

- Workshop key takeaways:

- Chance to develop "C programming concept".

- Idea on basic programming such that students will be capable of explaining flow of process.

- Students upon their interests would be able to practically apply the knowledge and undertake mini projects.

- Students find easy when they have programming subjects in their further semesters.

Also the feedback about the session was collected from all the participants to improve the sessions that will be conducted in the mere future. The overall session benefitted students from different semesters. This workshop helped them to grab a basic idea on programming C language.

## ❖ 'CAREER COUNSELLING SESSION'

Vidya Academy of Science and Technology Technical Campus, Kilimanoor organized an International Webinar on **CAREER COUNSELLING**: An interactive session with **Dr. P. R. Venkitaraman**, as a part of the Vidya Social Outreach Programme (VSOP). The webinar was intended to address the dramatic changes in Higher Education and career opportunities for +2 passout students. The event was conducted on the virtual platform on 10**th May, 2021**
