❖ EVENTS/TALKS/SEMINARS/CONFERENCES

❖ ORIENTATION PROGRAMME 2023 -INAUGURATION

Vidya Academy of Science and Technology Technical Campus organized the **Orientation Programme** for 2023 batch on **7th September 2023**. The programme started with a prayer by the college choir group. The welcome address was given by **Dr.Jayarenjini N, Orientation Programme Convenor, Associate Professor and HOD Electronics and Communication Engineering, VAST TC** followed by a lighting lamp ceremony. **Dr. T. Mathavaraj Ravikumar, Principal, VAST TC** gave an inaugural address and motivated the students. Then an inspirational talk was delivered by **Sri. Brig. K.S.Shaji, Director, VAST TC**. Then felicitation speech by all department HODs and **Ms.Anitha Vijayan, Trustee Coordinator,VAST TC** gave a brief speech on Vidya trust and its vision and mission.

Date of Event: 07/09/2023

Time: 09:30 AM to 11:00 AM

Venue: College Lobby

OBJECTIVE:

-  To welcome 2023 Batch students and parents to Vidya family and introduce them to their college life.
-  To motivate students in studying the professional course

PROGRAMME OVERVIEW

- To make the students and parents get an overall idea about B.Tech degree and college
- To make the parents aware about the PTA executive committee and its functions

The department wise class toppers from 2020, 2021 and 2022 batches were recognized by awarding a memento for their outstanding performance in the APJ KTU examinations. Fourteen Students received the memento and they are,

**❖ INDUCTION PROGRAM FOR THE B. TECH FIRST YEAR STUDENTS OF
2023 - 2027 BATCH**

Vidya Academy of Science & Technology Technical Campus, Kilimanoor organized an Induction Program for first year students on **08/09/2023, 11/09/2023 to 15/09/2023**. The program was planned to let the students know more about KTU and our college, to engage them through academic and non-academic activities, and to improve their skills and self- confidence. The syllabus for the induction program was framed as per the AICTE and KTU norms. The responsibilities of the whole event were split as under:

Advisor	
Dr. Jayanthi L.S.	
Overall Coordinator	
Ms. Vindhya Vijayan	
Batch coordinators	
Ms. Sreejitha S. G.	
Mr. Midhun S.S	
Batch Advisors	
Batch A	Ms. Jisha Raj, Dr. Unnikrishnan MA
Batch B	Ms. Niraja J. Shenoy, Mr. Gokul Biju
Batch C	Ms. Ansha Shakeer, Mr. Ajinraj R.L.
Batch D	Ms. Beena V.R, Ms. S. Aswani

The Time Table of the Induction Program, the list of faculty handling or in-charge of the sessions, is shown below:

LIFE SKILLS

In Life skills are defined as “a group of psychosocial competencies and interpersonal skills that help people make informed decisions, solve problems, think critically and creatively, communicate effectively, build healthy relationships, empathize with others, and cope with and manage their lives in a healthy and productive manner”. It helps to develop children’s personality, talents, and mental and physical abilities, and realize their true potential through learning to know oneself and others, and make effective decisions to live harmonically together in the society. Continuing a story game task was given to the students to develop their communication skill and to improve the ability of positive thinking.

RULES AND REGULATIONS FOR THE GAME

The aim of the game is to create a complete story as a team. Going around in a circle each student will contribute one sentence to the story.

- It is not an individual event; a team consists of 12 members.
- Students must finish the previous sentence off and then start off a new sentence.
- The game can be as long as you like or as short as you like.
- If student is a little shy or if you're looking to improve writing skills, you can use a paper and pen in this game instead of saying the sentences out loud.
- The title of the story should be given by the players

JUDGING CRITERIA

1. Self-awareness
 - Stress management
 - Emotional regulation
 - Positive thinking
2. Interpersonal Skills
 - Empathy
 - Listening skills
 - Interpersonal effectiveness
3. Thinking Skills
 - Goal setting
 - Decision making
 - Problem solving

THEME TALK

VAST TC organized an Orientation Program (theme talk) on 12 Sept 2023 & 13 Sept 2023 from 9.00 to 10.00am. The Coordinator was Mr. Midhun S S, Assistant Professor, Dept. of ME, VAST TC and members were Ms. Rini Madhavan Rajeev (AP, CE), Ms. Keerthi devi I S (AP, CE), and Mr. Gokul Biju (AP, ME). Theme talk is the main idea around which a particular piece of writing or speech revolves. It is the central idea which is reiterated through the various characters and events in the text. The Oxford Learner's Dictionary defines the term 'theme' as “the subject or main idea in a talk, piece of writing or work of art”.

PUZZLE & GAMES

Faculty Team Members: Mr Sreejith ,Mr. Arjun Mohanlal, Ms. Beena , Ms. Fathima Sherin T

About the Activity:

We organized various team-building games and puzzle exercises to foster team cohesion, enhance student motivation, and stimulate critical thinking skills. These activities not only promote effective communication but also add an element of enjoyment to the learning experience. The team-building exercises serve as an initial icebreaker for students, instilling in them the value of collaboration and teamwork, which are essential life skills with enduring significance. Ultimately, these initiatives help students form stronger bonds with their peers and

establish better relationships with their teachers. As a result of these sessions, students become more actively engaged in their studies, reinforcing the material taught and cultivating a more positive classroom atmosphere. Subsequently, we introduced a selection of games and puzzles to engage our students further.

ADZAP

The ADZAP competition is a little game that involves selling stuff that no one would otherwise buy. Adzap is set to bring out the creativity, time management, marketing skills of the innovative minds and to shape their team spirit and coordination. It is designed to help youth develop skills, confidence, and poise in speaking to groups. Additionally, public speaking will teach participants about how to organize thoughts and express ideas in a logical and concise manner, increase participants' knowledge and control of the language in expressing ideas and reward and recognize participants for accomplishments they have made in a friendly and competitive atmosphere.

SPORTS

Faculty Team Members: Mr. Jijeesh Sekhar J R, Mr. Ajinraj R L, Mr. Prasanth B Chandran, Ms. Bhavya, Ms. Dhanya S

About the Activity:

We conducted some sports events which help in the physical and mental refreshment of students. Games and sports are an integral part of a student's life. A student should study hard to be successful in competitive examinations. But, he should also play games and sports to develop health and strength of life. Sports events helps students to increase confidence, reduce stress and it will build leadership qualities. Ultimately, these sports events make a better bond among classmates and the campus environment. From the session students become more engaged in their learning, taught content is reinforced and class positivity is increased. Following where the few games and Minor games we conducted among students. The Sports events given to the students are

- Cricket
- Football

CREATIVE & PERFORMING ARTS

The Arts session was conducted for all batches as a part of the Induction Programme 2023. The students were divided into 4 to 5 groups and various arts related fun games were given. Some included guessing the song from the smileys and drawings, guessing the song from the English translation of songs in Malayalam Hindi and Tamil, playing dum sherads, Anthaakshari and so on. The students really enjoyed and had a good time during the conduction of the session. They tried to think and act as a team with coordination.

The sessions were handled by Ms. Anjana.N (AP, ECE), Ms. Gouri L.R (AP, AS), Dr. Unnikrishnan M.A (AP, ME) and Ms. Najitha Sharaf (AP, AS).

The feedback regarding the sessions of the Induction Program was given by first year students

of various departments. The feedback of the students was overwhelming. They conveyed their thanks to all the faculties who took classes for them, and to the college management and staff. They added that all sessions were unique and interesting. The students commented that the Induction Program was a great experience for them and boosted their self- confidence. They said that all the sessions were very interactive

TALK SESSION FOR S7 AND S5 ME STUDENTS

Introduction to Mechanical Engineering and Career Paths Provide an overview of what mechanical engineering is and its various sub-disciplines. Explain its significance in the industrial and technological world.

Venue: Mechanical Seminar hall

Date : 20-09-2023

Time : 1.30pm – 4 pm

Speaker: Mr. Ahmed Shariq (Cluster Manager, CADD Centre Training and Placement Services)

- * Key Career Paths: Highlight the diverse career options available to mechanical engineering graduates, such as automotive engineering, aerospace engineering, energy, manufacturing, and more.
- * Industry Trends: Discuss current trends and emerging technologies in the field, like 3D printing, robotics, and sustainable engineering, to give students insights into the industry's future.
- * Skills and Qualifications: Outline the essential skills and qualifications required to excel in mechanical engineering careers, including technical skills, soft skills, and the importance of continuous learning.
- * Internships and Co-op Opportunities: Discuss the value of internships and cooperative education programs and how they can help students gain practical experience.
- * Networking and Professional Organizations: Encourage students to join relevant professional organizations and explain the importance of networking in their career development.

❖ Project Report: Recycle Today for a Better Future

The "Recycle Today for a Better Future" project was organized on June 1, 2023, with enthusiastic participation from first-year students. The project aimed to raise awareness about recycling and its importance in building a sustainable future. The event featured various activities to educate and engage participants in recycling practices. Students actively participated in recycling workshops, art exhibitions using recycled materials. Winners are Adin and Rushdha from S1 CSE demonstrated outstanding dedication and creativity in the art exhibition, utilizing recycled materials, they created Vacuum Cleaner. Second prize got to Athira, Sreelekshmi, and Navajothika from S1 ECE displayed excellent teamwork and knowledge in showcasing their commitment to promoting recycling, and they created Sanitizer bottle. The prestigious prizes were distributed by the Principal on the **20th September 2023**, recognizing the winners' contributions to the cause of recycling and sustainability. The "Recycle Today for a Better Future" project was a remarkable success, with first-year students showcasing their passion for recycling and environmental sustainability. The event not only educated participants but also inspired them to take active roles in protecting our planet for a greener, more sustainable future.
