Pragmatix Learning conducted a Two-day training program on soft skill development for the final year students during the period January 31<sup>st</sup> to 1<sup>st</sup> February, 2020. Pragmatix has become one of Kerala's leading training and development service providers for educational institutions. It was founded in 2015 by a group of 5 professionals, who were like-minded, but had completely different skill-sets to boast. The only thing they had in common was a vision to create a tangible effect in the education sector and their irrefutable aptitude in their respective professions. The program schedule for the two day training was as follows.
